COTA makes improvements to its service three times a year in January, May and September. COTA's ongoing expansion program includes adding service hours in 2016. Service expansion includes service to new destinations, increased frequency of service on existing routes, and increased spans of service.

In 2014, COTA completed a Transit System Review with the goal of improving its bus network to meet the changing needs of the central Ohio region. The resulting Transit System Redesign (TSR) will make COTA service more direct, frequent and easier to use for current and potential customers. For more information, visit [COTA.com/TSR](http://COTA.com/TSR).
