COTA completed a comprehensive review of our bus system in 2014, with the goal of improving service to meet the changing needs of the region. The resulting Transit System Redesign (TSR) will be implemented over a three year period, and began with the January 2015 Service Change.

The Downtown Plan would change how buses will move in and out of central Columbus when the TSR is fully implemented. This proposal could significantly affect customers traveling or transferring along High Street, including those currently served by lines 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 18, 19, CBUS and all Express lines.

In addition to the public meetings, the presentation shared at the meetings and proposed route maps will be available at COTA.com/TSR/DowntownPlan. Please share comments about the proposed changes by filling out the comment form at COTA.com/contact, or call (614) 228-1776.

All interested people are encouraged to attend and participate. Public participation is solicited without regard to race, color, religion, sex, age, national origin, disability or familial status.
