In 2014, COTA completed a Transit System Review with the goal of improving its bus network to meet the changing needs of the central Ohio region. The resulting Transit System Redesign (TSR) will make COTA service more convenient and attractive to current and potential riders. Recommendations from the TSR are being implemented over a three year period, which began in January 2015, and will culminate with major changes being implemented in May 2017. For more information, visit COTA.com/TSR.

COTA makes improvements to its service three times a year in January, May and September. COTA's ongoing expansion program includes adding service hours in 2015. Service expansion includes service to new destinations, increased frequency of service on existing routes, and increased spans of service.

For more information please visit COTA.com or contact COTA at (614) 228-1776.

All interested people are encouraged to attend and participate. Public participation is solicited without regard to race, color, religion, sex, age, national origin, disability or familial status.
